

## Nickel Metal Hydride Batteries

### Rechargeable - Bulk

**Saft Rechargeable Nickel Metal Hydride** VH series batteries are well-adapted for any application where power and long autonomy are required. They offer:

- Constant voltage during discharge
- High power and high reliability
- Long cycle life (over 500 charge discharge cycles)
- Excellent long term storage

PART #	SIZE	VOLTS	CAPACITY	DIAMETER	HEIGHT
VH AA	AA	1.2	1500 mah	13.9 mm	48.9 mm
VH Cs	Sub C	1.2	3200 mah	22.0 mm	42.4 mm
VH D	D	1.2	8500 mah	32.15 mm	58.2 mm

### Rechargeable - Bulk

**Sanyo Twicell Rechargeable Nickel Metal Hydride** batteries can save twice as much energy as an ordinary CADNICA battery. Sanyo Twicell has developed a strong reputation for high capacity, high performance and high quality.

TYPE	SIZE	VOLTS	CAPACITY	DIAMETER	HEIGHT
HR-AAC	AA	1.2	1100	0.56"	1.99"
HR-AAAUT	AAA	1.2	720	0.41"	1.75"
HR-AUX	A	1.2	2700	0.67"	1.97"

### Rechargeable - Bulk

**Varta Nickel Metal Hydride** special application batteries are known for their superior performance and reliability.

**Please call for pricing and availability on all Varta batteries.**
